"Cell Phones and EMF Health Risks"

October 27, 2021

**10:00 AM PST
(US & Canada)**

Meet Daniel DeBraun!

Daniel DeBraun is an internationally recognized expert in EMF radiation, EMF shielding, and EMF-related health issues with special focus on the effect of exposure from mobile devices such as laptops, tablets, and cell phones. Daniel's concern regarding the health impact of EMF emissions grew from over thirty years of engineering experience in the telecommunications industry, where he held a variety of executive positions at SAIC, Telcordia, AT&T, and Bell Labs. He is the co-author of *Radiation Nation: The Fallout of Modern Technology*, and the CEO of DefenderShield, the world leader in EMF radiation protection solutions.

Announcements & Upcoming Events

We are evolving to accommodate the times of Covid-19. Currently we are doing approximately one zoom meeting per week and are benefiting from the European expertise. We hope to maintain the forum environment as we welcome the audience's questions. Obviously, staying healthy during the times of the Covid virus is important. We welcome your suggestions for speakers.

We hope to continue our monthly in person meetings as well but we are aware that the Cubberly Community Center space may no longer be available to us. When the monthly in person meetings resume, we plan to have at least one monthly zoom meeting.

A Membership Chair position is available. Interested persons can contact any board member or email Susan at:
susanrdowns@hotmail.com.
Thank you.

"Cell Phones and EMF Health Risks"

Cell phones, baby monitors, microwave ovens - are they a risk to our health. The answer is "yes." These devices disrupt intercellular communication, open the gut barrier and open the brain blood barrier. EMF in addition to other toxins greatly contribute to the increase in chronic diseases seen in our population. You will learn about EMF and what we can do to mitigate the EMF effects.
