Announcements & Upcoming Events

We are evolving to accommodate the times of Covid-19. Currently we are doing approximately one zoom meeting per week and are benefiting from the European expertise. We hope to maintain the forum environment as we welcome the audience's questions. Obviously, staying healthy during the times of the Covid virus is important. We welcome your suggestions for speakers.

We hope to continue our monthly in person meetings as well but we are aware that the Cubberly Community Center space may no longer be available to us. When the monthly in person meetings resume, we plan to have at least one monthly zoom meeting.

"Protecting our Children's (and Adult's) Health"

Brian Hooker, PhD

Brian S. Hooker, Ph.D., is the Senior Director of Science and Research at Children's Health Defense, an organization committed to the best health for children in the U.S. and worldwide. He is also a former Professor of Biology at Simpson University in Redding, California, where he specialized in microbiology and biotechnology. Dr. Hooker coauthored, with Robert F. Kennedy Jr, the New York Times best-selling book *Vax-Unvax: Let the*

Science Speak.

In 1985, Dr. Hooker earned his Bachelor of Science degree in chemical engineering from California State Polytechnic University, Pomona, California. He earned his Master of Science degree in 1988 and his doctorate in 1990, both in biochemical engineering, from Washington State University in Pullman, Washington.

Brian Hooker has many accomplishments to his credit, including co-inventor for five patents, recipient of the Battelle Entrepreneurial Award in 2001, and a Federal Laboratory Consortium Recognition Award in 1999 for his work on "Reactive Transport in 3-Dimensions." The breadth of Hooker's over 70 science and engineering papers have been published in internationally recognized, peer-reviewed journals. Dr. Hooker has been active in vaccine safety since 2001 and has a 25-year-old son with autism. In 2013 and 2014, Dr. Hooker worked with the CDC Whistleblower, Dr. William Thompson, to expose fraud and corruption within vaccine safety research in the CDC, which led to the release of over 10,000 pages of documents lifestyle optimization to create personalized wellness strategies.

Robert's holistic approach incorporates mind-body wellness principles, including NLP and positive psychology, recognizing that mental health is fundamental to physical vitality.

"Protecting our Children's (and Adult's) Health"

Brian Hooker is the Senior Director of Science and Research at the Children's Health Defense (CHD). CHD is an organization chaired by Robert F. Kennedy Junior from 2015 to 2023. CHD has focused on protecting children's health for children throughout the world. Part of their focus includes the toxic exposures that harm both children and adults. In particular, CHD has raised awareness on the health risks imposed by water fluoridation and by an overly aggressive vaccine schedule. Dr. Hooker will present on the science, covid issues and his experience in dealing with government agencies. Come, and ask Brian your questions.
